In 1988, SOREL was commissioned to create a boot for the Winter Olympics in Calgary. The Canadian team rocked it first—now it's your turn.

Inspired by an arctic exploration boot, it boasts a tough waterproof nylon upper with a warm felt lining to block the chill and hold in the heat.

- Waterproof and wind-resistant PU-coated synthetic textile upper
- Adjustable drawstring closure
- 2mm felt lining
- Durable rubber overlays
- Molded rubber outsole offers excellent traction
- Boot Height: Lorem Ipsum

In 1988, Sorel was commissioned to create a boot for the Winter Olympics in Calgary. The Canadian team rocked it first—now it's your turn.

Inspired by an arctic exploration boot, it boasts a tough waterproof nylon upper with a warm felt lining to block the chill and hold in the heat.

- Waterproof and wind-resistant PU-coated synthetic textile upper
- Adjustable drawstring closure
- 2mm felt lining
- Durable rubber overlays
- Molded rubber outsole offers excellent traction
- Boot Height: Lorem ipsum

These boots are amazing. They are lightweight, comfortable, INCREDIBLY warm and keep my feet dry. I was out in deep snow today for about four hours and was warm and dry the entire time. They are not as bulky as other Sorel boots but not as 'slim' as they appear in the photos, still very cute. I'm normally a size 8.5. I got the 8 and although they felt snug at first, they are fine.

Occasion:

Casual, Going Out, Active, Highly Versatile

I would recommend this product.
